## **Internet Safety**

The SC Governor's School for the Arts & Humanities encourages responsible and safe use of available technology. While video links to online services such as YouTube are accepted, we do NOT recommend using those services for submission purposes due to the personal information included in application videos. In the case of YouTube, videos are automatically made PUBLIC unless you indicate otherwise, and we view this as a potential safety issue for students. If you are having difficulty with one of the recommended submission options, please ask a family member or teacher, or contact our office for assistance.
