Tips to Ensure a Quality Recording

- Record your audition in a clearly defined interior space, making sure the acoustics in the room are strong.
- Hallways are not usually the best place to record.
- Avoid rooms with an echo or “boomy” sound, if possible.
- Try to choose a room with a door you can close to limit other noises on your recording.

After Recording the Application Video

- Watch your video! Make sure the image is upright (not sideways) and plays like you want it to be seen.
- Make sure your video shows both hands at all times.
- Save the name of your file with your last name and preferred name *DO NOT* delete the file type when renaming. Ex. Smith.Jane.mp4

For directions on how to submit your video, download and read the *Music Video Submission Guidelines* PDF.
