

Food Service Payment Plan

2020-2021 Residential High School

As a Residential High School, we provide outstanding meals through our food service partner, Aramark. The cost of the annual food service plan is \$3,575.00, payable directly to Aramark. Financial assistance is available to qualified families* to help cover Food Service Fees, and the school offers two interest-free payment options: annual and monthly.

The food service fee is due Friday, June 19, 2020. If you choose any plan other than full payment prior to registration, the financially responsible person will be required to provide some personal information, including social security number.
